

JAZZ BAND SENIOR 2007 SURVEY

Your Senior Year is right around the corner and with that come a number of organized activities for the Jazz Band seniors of 2007. Beginning with the class of 2000, the Centerville Band Boosters set up a specific budget to handle many of the expenses related to these special events. As we make decisions as to how to manage this budget, it is important to remember the following things that are out of the hands of your Senior Committee:

- *The budget is set and we absolutely cannot exceed the amount determined by the Band Boosters*
- *The band schedule will frequently determine the dates/times of senior activities and events*
- *Certain rules and guidelines from your Band Director will be followed*

However, this is your Senior year and you have many choices to make in regard to how each of these Senior activities will be customized for you! So, please take the time to fill in your responses to the following items in preparation for our first meeting with you!

Please Respond by July 4, 2006!!!
