

**THIS IS YOUR OPPORTUNITY
FOR CONTINUED SUPPORT
OF THE CENTERVILLE BAND PROGRAMS**

Dear Supporter of Centerville Bands,

We received your support throughout your years with the Centerville Band Programs in so many ways. THANK YOU!!

We are introducing an exciting opportunity for you to continue to support the wonderful band programs of the Centerville schools through *patron support opportunities*. Whether you were a student or a booster member, we encourage you to consider a financial donation in support of current and future members of the outstanding program that taught you so much.

As you determine your donation, remember that the Centerville Band Boosters are a 501(c)3 organization. As such, your contributions are tax deductible to the extent of current law (less any materials received).

We appreciate your generosity.

Sincerely,

Paul & Jan Labbe, Presidents
Centerville Band Boosters

~~~ AT A GLANCE ~~~

BAND BOOSTERS**

Centerville Band  
Alumni & Friends  
**Patron Support  
Campaign**

*Benefiting all Centerville band programs.*

The Centerville Band program  
keeps the same philosophy for  
each rehearsal and  
performance. It is simply  
stated:

***Be Your Best***

# Centerville Bands Continue to Strive for the Best

Wayne Markworth has been Director of

Bands for Centerville for 35 years. In that time he has helped drive the band program

Wayne Markworth,  
Director of Bands

grow from one concert band of 48

students to over 250 in the total band program. There are presently three concert bands with many co-curricular opportunities including three jazz ensembles, two winter guards, two winter drumlines and the basketball pep band.

There are additional classroom opportunities such as improvisation and music technology.

Wayne is joined by three middle school band directors and three assistant marching band directors. In addition, the Band Boosters support a part-time staff of over 30 people working with the various groups throughout the year.

## It's about the students!

The students themselves continue to out-shine all expectations showcasing their talent with lots of practice, practice, practice! In 2000, a new band room was completed that is large enough to allow the entire marching band (yearly, comprised of approximately 200 students) to practice music and discuss techniques. The winter programs are all able to find practice times throughout the band rooms and the winter guard and percussion even have enough room to spread out their tarps and practice their shows in the band room itself.

## Centerville Band Boosters, a Tradition of Support

For many years the parents of the band students have been an integral part of the success of

these programs through the Centerville Band Boosters. The Boosters now own a semi-trailer, the JAZZ truck, that ships instruments and props to competitions. Booster support continues through scholarships, building props for the marching band, winter guard, and winter percussion units, making flags, organizing food supplies and making sure uniforms are ready to go! And, naturally, the parents form the same core of dedicated fans at each concert, contest or football game!

**THIS IS YOUR OPPORTUNITY  
TO RENEW YOUR SUPPORT OF  
THE CENTERVILLE BAND PROGRAMS**

## PATRON SUPPORT OPTIONS

I am happy to support Centerville Band Programs!
